|--|---|-------------------------|---|
| Job Title: | Welding and Fabrication Engineering Apprentice & Machinist Apprentice | Number Required: | 2 |
| Location (if different from above): | Same | | |
| Brief Job Description: | <p><u>Heywood, Greater Manchester based</u></p> <p>Gilwood (Fabricators) Company Ltd. is a specialist pressure vessel and process plant equipment manufacturer serving various industries including petrochemical, oil & gas, pharmaceutical, chemicals, nuclear, paper, glass and food industries.</p> <p>Established in 1964, we have built up an excellent reputation over 50 years as one of the leading pressure vessel and process plant equipment manufacturers in the UK. We have two manufacturing facilities in Heywood, Greater Manchester where we employ 40 full time members of staff.</p> <p>Our engineering apprenticeship scheme is more than just a foot in the door – it provides the qualifications and experience required to succeed in our ever-evolving industry. The comprehensive, four-year technical programme combines traditional work-based learning, alongside specialist engineers, with a high quality technical certificate and evidence qualification from a local training provider. Apprenticeships on offer:</p> <ul style="list-style-type: none"> • Welding and Fabrication Apprentice • Machinist Apprentice <p>We are extremely proud of the contribution our apprentices make to our business and we provide excellent work opportunities at the end of their programme. Our high-profile clients appreciate the level of skill, innovation and knowledge that our apprentice-trained team bring to each project.</p> | | |

| | | | |
|---|--|-------------------------|-------------|
| | <p>Apprenticeships start each September. We are keen to hear from you rather than your guardian, so please write personally, demonstrating your interest and enthusiasm for the position.</p> <p>We are inviting enthusiastic individuals who are committed to learning new skills and knowledge with the appropriate experience, qualifications and personal qualities to apply for this exciting opportunity.</p> <p>You will be supported to undertake recognised qualifications whilst gaining invaluable on-the-job experience. You will need to be a team player, reliable, adaptable, conscientious, and able to work to instructions.</p> <p>http://www.gilwood.co.uk/</p> | | |
| Apprenticeship Title: | Engineering Apprenticeship (Level 2) | Delivery Method: | Day Release |
